Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

This book covers the vast majority of Powerstroke Diesel engines on the road, and gives you the full story on their design. Each part of the engine is described and discussed in detail, with full-color photos of every critical component. A full and complete step-by-step engine rebuild is also included.

Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

From Edward P. Jones comes one of the most acclaimed novels in recent memory—winner of the Pulitzer Prize for Fiction and the National Book Critics Circle Award for Fiction. The Known World tells the story of Henry Townsend, a black farmer and former slave who falls under the tutelage of William Robbins, the most powerful man in Manchester County, Virginia. Making certain he never circumvents the law, Townsend runs his affairs with unusual discipline. But when death takes him unexpectedly, his widow, Caldonia, can't uphold the estate's order, and chaos ensues. Edward P. Jones has woven a footnote of history into an epic that takes an unflinching look at slavery in all its moral complexities. "A masterpiece that deserves a place in the American literary canon."—Time
