"When I finished reading this book, all I could say was WOW! What a stunning piece of literary work... It is concise, brilliantly written, backed by scientific findings, with clear human logic and intelligence. If this doesn't awaken the masses to delve into who and what they truly are, I can't imagine what will." ~ Jerry Issa, teacher of metaphysics, Trenton, Michigan This book will change your life if you let it. If we are accidental beings on a remote planet in a vast universe, existing for merely a blip in cosmic time, what's the point of living at all? Until we learn life is too significant to be a short-lived brilliance that rises out of nothing and ends in nothing, we will continue to live out our lives in, what Thoreau saw as, quiet desperation. We sense the materialistic wall when we ask the question, "Is that all there is?" Without resorting to miracles or magic, this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe, by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence. It takes a dedicated seeker with no preconceived ideas and no intent on arriving to see beyond the materialistic wall. This book is intended to expand your awareness of life here and hereafter, hopefully providing the spark that will start you on your own personal pilgrimage. The mystics tell us we will be guided to the next step along our spiritual path when we are ready. Are you ready? AWARENESS: The following might be the thoughts of those at different levels of awareness as they walk through a rose garden. I want - I wonder how much I could get for these roses. I believe - God created roses when He created the world and everything in it. I doubt - Roses evolved from wild flowering shrubs, but most garden varieties are hybrids. I seek - How could anything as beautiful as a rose happen purely by chance? I know - Roses, like all life on Earth, are physical manifestations of spirit.

Models covered: Ford Taurus & Mercury Sable 1986 through 1988.
