"Murder and glamour set in the ambiguous and claustrophobic world of an exclusive New England prep school"--

Los Angeles in the 1960s and 70s was the pop culture capital of the world—a movie factory, a music factory, a dream factory. Eve Babitz was the ultimate factory girl, a pure product of LA, and Vanity Fair writer “ Lili Anolik decodes, ruptures, and ultimately intensifies Eve ’ s singular irresistible glitz ” (The New Yorker). The goddaughter of Igor Stravinsky and a graduate of Hollywood High, Eve Babitz posed in 1963, at age twenty, playing chess with the French artist Marcel Duchamp. She was naked; he was not. The photograph made her an instant icon of art and sex. Babitz spent the rest of the decade rocking and rolling on the Sunset Strip, honing her notoriety. There were the album covers she designed: for Buffalo Springfield and the Byrds, to name but a few. There were the men she seduced: Jim Morrison, Ed Ruscha, Harrison Ford, to name but a very few. Then, at nearly thirty, her It girl days numbered, Babitz was discovered—as a writer—by Joan Didion. She would go on to produce seven books, usually billed as novels or short story collections, always autobiographies and confessionals. Under-known and under-read during her career, she ’ s since experienced a

breakthrough. Now in her mid-seventies, she 's on the cusp of literary stardom and recognition as an essential—as the essential—LA writer. Her prose achieves that American ideal: art that stays loose, maintains its cool, and is so simply enjoyable as to be mistaken for simple entertainment. For Babitz, life was slow days, fast company until a freak fire turned her into a recluse, living in a condo in West Hollywood, where author Lili Anolik tracked her down in 2012. Hollywood 's Eve, equal parts biography and detective story “ brings a ludicrously glamorous scene back to life, adding a few shadows along the way ” (Vogue) and “ sends you racing to read the work of Eve Babitz ” (The New York Times).

Young idealist Zack Penny usually gets to work early to take in the surroundings and breathe in the crisp, mechanically filtered air, knowing that one day his own company will be very different from Display Technik. As he follows the vision of his highly successful, results-at-all-costs mentor and CEO Allen Henley, Zack quietly nurtures a big dream--to create a new company of high morals and values, one that will revolutionize the world through the creation of wallpaper-thin displays to completely surround a viewer. That dream is set into motion one morning when he realizes an important paper has been taken from his office. Moments later, Zack learns someone has turned him in. After his boss, who also happens to be the father of his girlfriend, Mary Anne, gives him one last chance to pledge his loyalty, Zack resigns. Determined to realize his vision, he soon steps into his new facility with high hopes and no idea that Henley has already put a plan into action with the intent of systematically destroying Zack, his perfect company, and, most of all, the relationship between Zack and Mary Anne, who is unwittingly caught in the cross-fire. In this fast-paced thriller, a young entrepreneur faces moral dilemmas in Silicon Valley, a place where the inner working of the legal system favors the aggressor.

From Vogue contributor and Guardian columnist Hadley Freeman, a personalized guide to eighties movies that describes why they changed movie-making forever—featuring exclusive interviews with the producers, directors, writers and stars of the best cult classics. For Hadley Freeman, movies of the 1980s have simply got it all. Comedy in Three Men and a Baby, Hannah and Her Sisters, Ghostbusters, and Back to the Future; all a teenager needs to know in Pretty in Pink, Ferris Bueller 's Day Off, Say Anything, The Breakfast Club, and Mystic Pizza; the ultimate in action from Top Gun, Die Hard, Beverly Hills Cop, and Indiana Jones and the Temple of Doom; love and sex in 9 1/2 Weeks, Splash, About Last Night, The Big Chill, and Bull Durham; and family fun in The Little Mermaid, ET, Big, Parenthood, and Lean On Me. In Life Moves Pretty Fast, Hadley puts her obsessive movie geekery to good use, detailing the decade 's key players, genres, and tropes. She looks back on a cinematic world in which bankers are invariably evil, where children are always wiser than adults, where science is embraced with an intense enthusiasm, and the future viewed with giddy excitement. And, she considers how the changes between movies then and movies today say so much about society 's changing expectations of women, young people, and art—and explains why Pretty in Pink should be put on school syllabuses immediately. From how John Hughes discovered Molly Ringwald, to how the friendship between Dan Aykroyd and John Belushi influenced the evolution of comedy, and how Eddie Murphy made America believe that race can be transcended, this is a “ highly personal, witty love letter to eighties movies, but also an intellectually vigorous, well-researched take on the changing times of the film industry ” (The Guardian).

Detroit ex-cop August Snow takes up vigilante justice when his beloved neighborhood of Mexicantown is caught in the crosshairs of a human traffickingscheme. When the body of an unidentified young Hispanic woman dressed as Queen Marie Antoinette is dredged from the Detroit River, the Detroit Police Department wants the case closed fast. Wayne County Coroner Bobby Falconi gives the woman's photo to his old pal ex-police detective August Snow, insisting August show it around his native Mexicantown to see if anyone recognizes her. August's good friend Elena, a prominent advocate for undocumented immigrants, recognizes the woman immediately as a local teenager, Isadora del Torres. Izzy's story is one the authorities don't want getting around-and she's not the only young woman to have disappeared during an Immigration and Customs Enforcement (ICE) raid, only to turn up dead a few weeks later. Preyed upon by the law itself, the people of Mexicantown have no one to turn to. August Snow, the son of an African-American cop and a Mexican-American painter, will not sit by and watch his neighbors suffer in silence. In a guns-blazing wild ride across Detroit, from its neo-Nazi biker hole-ups to its hip-hop recording studios, its swanky social clubs to its seedy nightclubs, August puts his own life on the line to protect the community he loves.

Art Pepper (1925 - 1982) was described as the greatest alto-saxophonist of the post-Charlie Parker generation. But Straight Life is much more than a jazz book ? it is one of the most explosive, yet one of the most lyrical, of all autobiographies, narrated on tape to his wife Laurie. Pepper refuses to tiptoe round many of the unpalatable episodes of a life that involved alcoholism, heroin addiction, armed robberies and five of what should have been his most productive years imprisoned in San Quentin. The result is an autobiography like no other, a masterpiece of the spoken word, shaped into a genuine work of literature.

Embarking on a rafting and hiking tour through southern Mexico, single mom Eve spots a menacing man throwing machetes at a human-shaped target before finding a missing woman's digital camera containing images of the same man. By the best-selling author of Tell No Lies.

“ My lungs began to burn as I started sprinting. It wasn 't just that I wanted to catch Fritz. I had the distinct feeling that I was chasing him, that I had to catch up with him, before something caught up with me. ” How long must we pay for the crimes of our youth? That is just one question Christopher Swann explores in this compulsively readable debut, a literary thriller set in the elite—and sometimes dark—environs of Blackburne, a prep school in Virginia. When Matthias Glass 's best friend, Fritz, vanishes without a trace in the middle of an argument during their senior year, Matthias tries to move on with his life, only to realize that until he discovers what happened to his missing friend, he will be stuck in the past, guilty, responsible, alone. Almost ten years after Fritz 's disappearance, Matthias gets his chance. Offered a job teaching English at Blackburne, he gets swiftly drawn into the mystery. In the shadowy woods of his alma mater, he stumbles into a web of surveillance, dangerous lies, and buried secrets—and discovers the troubled underbelly of a school where the future had once always seemed bright. A sharp tale full of false leads and surprise turns, Shadow of the Lions is also wise and moving. Christopher Swann has given us a gripping debut about friendship, redemption, and what it means to lay the past to rest.
