## System Objective Type 2 Computer **Database Management System (DBMS) Database Management**

### **System Objective Type**

The objective of DBMS (Database Management System) DBMS applications must be capable of solving challenging problems of different organizations. some objectives of DBMS are given below. Provide for mass storage of relevant data. Making easy access to data for the authorized user.

### **What is Database Management System and DBMS Objectives ...**

A database management software (DBMS) includes. (a) Automated tools (CASE) used to

# Where To Download Database Management

design databases and application programs. (b) A software application that is used to define, create, maintain and provide controlled access to user databases. (c) Application programs that are used to provide information to users.

## **300+ TOP Database Management System Questions and Answers 2020**

The objective of a database management system is to facilitate the creation of data structures and relieve the programmer of the problems of setting up complicated files. Database management systems have developed from a concept of the data base as something distinct from the programs accessing it.

# Where To Download Database Management System Objective Type **Data Base Management System (DBMS): Meaning, Nature and ...**

Database Management System  
Objective Type Questions

1. Relational calculus is a  
1. Procedural language . 2. Non-procedural language . 3. data definition language . 4. high level language .
2. In an E-R diagram attributes are represented by  
1. rectangle . 2. square . 3. ellipse . 4. triangle .

## **Database Management System Objective Type Questions**

Another type of database management system advantages that exists is the multi-model database system. This system

# Where To Download Database Management

Systems more than one storage engine. Many NoSQL offers to support more than a single database management system types data model like key value and document. Some other categories of database management system types that exist ...
