People are concerned about the economy, jobs, biodiversity and how it affects their lives. Gaining autonomy, getting a job and living in conditions of equality are the main expectations of the disabled, for this, they need more autonomy, economic independence, recognition and improved accessibility. They are not demands, but rights that they claim as citizens. In this informative format book, answers will be given to many human concerns related to the economy and consumption. A large percentage of the world's citizens associate illusion with ideas related to close people. The illusion is associated with the desire to live that encourages carrying out projects, and also with joy, with hope in something, someone or positive, favorable and optimistic expectations. The illusion implies believing in dreams and feeling capable of raising them and

# File Type PDF Economic Question And Answer Objective 2014

carrying out behaviors to pursue them, being persistent to achieve them, having hope in achieving them against the adversities that may appear along the way and doing it with desire and joy. In the same way, it is closely linked to emotions, the thoughts and attitudes and the action of each one, all the people, whether they are more or less excited, give a high score to the elements related to emotion (close people and the will to live). So, what is it that differentiates the most excited? "The most excited give more weight to the thought element: to the association of illusion with the value of everyday life, hope and the project. That is, they believe more in what they do every day and hope to build the While less excited people give less weight to those same elements. This is essential to, at a general level, know where to start to get excited ". they give a high score to the elements related to emotion (close people and will to live). So, what is it that differentiates the most excited? "The most excited give more weight to the thought element: to the association of illusion with the value of everyday life, hope and the project. That is, they believe more in what they do every day and hope to build the While less excited people give less weight to those same elements. This is essential to, at a general level, know where to start to get excited ". they give a high score to the elements related to emotion (close people and will to live). So, what is it that differentiates the most excited? "The most excited give more weight to the thought element: to the association of illusion with the value of everyday life, hope and the project.
