How Hard Can it Be is the sequel to How Does She Do It and I haven't read the first book, but had no problem jumping in. Kate Reddy is fast approaching fifty and she's not happy about it. She's about to re-enter the workforce after several years spent raising her kids (who are now teenagers) and she's struggling to find a job where she's not considered past her sell date.

~~How Hard Can It Be? (Kate Reddy, #2) by Allison Pearson~~

The funniest, and saddest, comic novel of the year, How Hard Can it Be? is a sequel to I Don't Know How She Does It. Its heroine, the perpetually harassed Kate Reddy, must re-enter the world of City finance after years as a full-time mother because her architect husband Richard is re-training to be a counsellor and she has two children, now teenagers, a dog and an old house to support.

How Hard Can It Be? is an anthology of Clarkson's column entries from 2008 to 2010, and while the subject matter is varied, his attitudes and directness are not. He claims that he will speak sense, and in actual fact he does most of the time. He is, generally speaking, opposed to red tape, bureaucracy and overdoing political correctness.

Here's something juicy to get your head round this morning: 97.2 per cent of the water on Earth is in the oceans, and a little more than 2 per cent is stored as ice in glaciers and at the poles ...

Look, I was doing OK. I got through the oil spill on the road that is turning forty. Lost a little control, but I drove into the skid just like the driving instructors tell you to and afterwards things were fine again, no, really, they were better than fine. Kate Reddy had it all: a nice home, two adorable kids, a good husband. Then her kids became teenagers (read: monsters). Richard, her husband, quit his job, taking up bicycling and therapeutic counseling: drinking green potions, dressing head to toe in Lycra, and spending his time—and their money—on his own therapy. Since Richard no longer sees a regular income as part of the path to enlightenment, it's left to Kate to go back to work. Companies aren't necessarily keen on hiring 49-year-old mothers, so Kate does what she must: knocks a few years off her age, hires a trainer, joins a Women Returners group, and prepares a new resume that has a shot at a literary prize for experimental fiction. When Kate manages to secure a job at the very hedge fund she founded, she finds herself in an impossible juggling act: proving herself (again) at work, dealing with teen drama, and trying to look after increasingly frail parents as the clock keeps ticking toward her 50th birthday. Then, of course, an old flame shows up out of the blue, and Kate finds herself facing off with everyone from Russian mobsters to a literal stallion. Surely it will all work out in the end. After all, how hard can it be? Hilarious and poignant, *How Hard Can It Be?* brings us the new adventures of Kate Reddy, the beleaguered heroine of Allison Pearson's groundbreaking New York Times bestseller *I Don't Know How She Does It*.

Kate Reddy is counting down the days until she is fifty, but not in a good way.

All Amber wants is a little bit of love. Her mum has never been the caring type, even before she moved to California, got remarried and had a personality transplant. But Amber's hoping that spending the summer with her can change all that. And then there's Kyle, the most American person Amber's ever met. She can't help liking him. But can he really be interested in her? Even with best friends Evie and Lottie's advice, Amber's finding love is hard. Is it worth the fight? "I'm a big Holly Bourne fan and this is my favourite yet. She writes with such humour and great honesty, with wonderfully relatable characters. It's also refreshing to see feminism highlighted in such a positive and relevant way for teenagers." - Fiona Noble, *The Bookseller* "Bourne talks about feminism so openly and truthfully in her books and if you ever doubted the intelligence, ability or passion of teenage girls read her books and you never will again." - Muchbooks reader review on Guardian Children's Books "Written with humour and warmth, Amber's story perfectly captures the emotional rollercoaster that is love: embracing all its joy and pain, whether it be for family, friends or a gorgeous boy. A really satisfying page turner." - BookTrust "Emotive and thought provoking this searingly honest book deals with the biggest life lesson of all - nobody's perfect." - South Wales Daily Post "Holly Bourne truly is the Queen of YA!" - Humaira Kauser, age 17, for LoveReading4Kids "Holly Bourne is hugely popular with the young adult audience. The second instalment in her Normal series tells Amber's story of first love, friendship and addiction." - The Sunday Express "Holly Bourne's new novel demonstrates that with the right female friends, and a decent supply of cheesy snacks, a girl can get through anything... Well-written and thoughtful, this has a thoroughly authentic twenty-first century teen voice and lightens serious issues with humour." - LoveReading4Kids "When I received this book I let out a squeal... I really love this series." - Lucy the Reader "Hysterical" - Mslexia "The story is equal parts hilarious and heart-wrenching... I cannot get over how many times I snorted out loud whilst reading this book. You'll have to read it to see for yourself" - Fable & Table "[Holly Bourne's] writing style keeps me hooked, makes me feel things and genuinely makes me think hard about important issues. I cannot recommend her novels highly enough and I am on a mission to read them all!" - Adventures of a Teenage Bookworm

An "outrageous, profane, hilarious, sexy and all kinds of wacky" romantic comedy from the New York Times bestselling author of *Size Matters* (Michelle Rowen, national bestselling author). What happens when an accountant decides to grab life by the horns and try something new? Apparently a pirate named Dave, a lot of pastel fleece, and blackmail—just to start with . . . Visualize and succeed, Oprah said. I was sure as hell trying, even if my campaign to score a job as the local weather girl had ended in a restraining order. Okay, TV was not my strength. But a lack of talent has never stopped me before. Which is why I've embarked on a writing career. I mean, how hard can it be to come up with a sexy romance? Leave it to me to wind up in a group of porno writing grannies who discuss sex toys and apple cobbler in the same breath. Also leave it to me to leak an outlandish plot idea to a bestselling author with the morals of a rabid squirrel. And only I could get arrested for a jewelry heist I didn't commit—by a hunky cop whose handcuffs just might tempt me to sign up for a life of crime. Maybe I've found my calling after all . . . "A zany over-the-top rompfest."—Lexi George, author of *Demon Hunting with a Sexy Ex* "The most f\*cked-up bag of wonderful crazy ever."—Dear Author "If readers are in the mood for hilarious kinkiness woven through a fun romance, then this is the book to try."—Long and Short Reviews (4 stars)

*How Hard Can it Be?* is the fourth hilarious volume in Jeremy Clarkson's *The World According to Clarkson* series. How hard can it be... To build a power station without upsetting the eco-mentalists? To seek world domination if you've been hit the ugly stick? For the Met Office to get yesterday's weather right? In volume four of *The World According to Clarkson*, Jeremy Clarkson pours scorn on the nonsensical, the dumb, the idiotic and the plain foolish in his continuing quest to discover where exactly we've all gone wrong. Along the way he ponders: • Whether conquering France might solve the immigration problem • What happened when you ignore proper warning labels • What would happen if we turned the internet off Often controversial, frequently scathing but always funnier than James May, Jeremy Clarkson shows us how we could so easily make the world a better place. Praise for Jeremy Clarkson: 'Brilliant

. . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Round the Bend, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear.

In 2012, the world was slowly recovering from the Great Recession while Facebook and other social media platforms disrupted global life and business, ushering in a new era of startup optimism. From his desk at a consulting firm in Stockholm, Sweden, Arnaud Henneville-Wedholm watched in disbelief, wondering, "How could such a waste of time become so popular?" Bursting with ideas of how to break out of business monotony, Henneville-Wedholm and his coworker were ready to start something of their own. Soon, a lightbulb went off: what if they created a social platform that challenged people to get off the couch and live better lives? And better yet, what if it took down Facebook? There was only one problem: neither of them knew the first thing about running a tech company. In How Hard Can It Be, Henneville-Wedholm traces, in a uniquely eclectic and cosmopolitan voice, the youthful enthusiasm that propelled the promising rise of his startup-along with its equally calamitous downfall. Along the way, he teaches readers startup lessons by example, such as: How to pitch startup incubators like Sting, Europe's version of Y-Combinator How uninformed optimism can still lead to real organic growth What to do when your business isn't as scalable as you thought The brand-building power of guerrilla marketing How to pivot (and then pivot again, and again) when user growth stalls For optimists and idealists everywhere, How Hard Can It Be is a jet-setting parable of the European startup scene that takes on the most elusive business topic of them all: failure. Puncturing the hollow platitudes of how-to guides, Henneville-Wedholm instead offers his real-world experience of trying to go from zero to one. As a result of his efforts, How Hard Can It Be teaches entrepreneurs that failure need not be feared. In the right light, it can be a blessing in disguise-and it can even be fun.

Wholesome and humorous story of two best friends and their adventures-- and misadventures.

Overbooking? Running late? Feeling overwhelmed by clutter and to-dos? Management consultant Dr. Marilyn Paul guides you on a path to personal change that will bring true relief from the pain and stress of disorganization. Unlike other books on getting organized, It's Hard to Make a Difference When You Can't Find Your Keys offers a clear seven-step path to personal development that is comprehensive in nature. Drawing on her own experience as a chronically disorganized person, Paul adds warmth, insight, humor, and hope to this manual for change and self-discovery. She introduces the notion of becoming "organized enough" to live a far more rewarding life and make the difference that is most important to you.

A logical and systematic guide to being a better organized, functional, productive, and committed person, in order to overcome your daily challenges and lead a truly fulfilling life. Running in the Rain isn't hard - it's just a bit uncomfortable at times. But doesn't it feel good to know you stopped making excuses and just got out there and did it? Life's the same. You can either stay indoors making excuses, or you can get out and get on with things. Paul Weston presents a systematic approach to getting more out of life by guiding you through a number of easy-to-use steps. Learn how to: Use Physical Effort to Build Mental strength? Understand your Energy Zones - Professional, Personal and Social - and the dangers of dilution? Recognize that goals stink - it's systems that matter? Focus on what is really important to you rather than wasting time on meaningless activities? Lead a distraction-free life? Make the effort when you don't feel like it? Kill off procrastination by adopting a really simple cure? Put adversity into perspective in order to stop moaning and get active We have two options when it comes to going for a run in the rain - stay home or get wet. This book makes it clear that rain is a poor excuse - because when it comes to Running in the Rain - Seriously ? how hard can it be?
