This compassionate book describes the making of enemies in our personal, social, and national lives. It goes on to outline a nonviolent approach to resolving enmity wherever it arises. It taps the rich resources of Jesus' two-thousand-year-old formula, "Love your enemies," with the help of our contemporary understanding of Gandhian active nonviolence. The author offers a life-changing, habit-breaking approach of understanding, focusing, and negotiating as a positive alternative to the usual flight-or-fight response to enemies. The book sketches an informative portrait of the Soviet Union that includes insights into its communist ideology, its political structures, and the practice of religion in the country. The book stresses that the USSR is a nation of real people who are interesting, sometimes

colorful, yet always struggling.
