Me of Little Faith Quotes by Lewis Black - Goodreads

This current book, "Me of Little Faith," is autobiographical in content and, as usual, politically sarcastic -- right on the mark, especially if you are a person who can't stand the political abuse of the citizens of this country. Lewis Black is a man of and for the people. He is enormously talented in so many ways about which he rarely speaks.

Me of Little Faith by Lewis Black, Hank Gallo, Paperback ...

But, ultimately, he's a man of more than a little faith. Like Mulder on the X-Files, he -wants- to believe, and he's coming up with justifications. Gullible ones. Really, if Lewis Black were reviewing his own book, he'd savage himself, particularly on the astrology and psychic sections.

In this 0 Me of Little Faith Ebook, author Jason Boyett brings you a transparent and personal account of his own of struggles with doubts and unbelief in living out his faith. With humor and frankness, Boyett uses personal anecdotes and a fresh look at Scripture to explore the realities of pursuing Christ through a field of doubt. After three decades of knowing God, understanding Christianity, and living a Christian life, Boyett has come to the place where he can voice the tough questions and travel the road of uncertainty with blinders off, candor on. The message along the way is one of encouragement: Relax. Rely on the grace of a merciful God, a kind father who realizes that his finite creatures must have doubts, should have questions, and will have trouble making sense of an infinite Creator. Ultimately, Boyett concludes that doubt and faith are not polar opposites, but actually work together, existing side-by-side. Uplifting, entertaining, hopeful, 0 Me of Little Faith will strike a chord with you and any Christian who's dealing with the uncertainties of living life in pursuit of a God who occasionally seems to disappear.

What if our beliefs were not what divided us, but what pulled us together In Have a Little Faith, Mitch Albom offers a beautifully written story of a remarkable eight-year journey between two worlds--two men, two faiths, two communities--that will inspire readers everywhere. Albom's first nonfiction book since Tuesdays with Morrie, Have a Little Faith begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy. Feeling unworthy, Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor--a reformed drug dealer and convict--who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds--and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. Have a Little Faith is a book about a life's purpose; about losing belief and finding it again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless.

Novelist, poet, critic, lay theologian, and best-selling author of the 'Narnia' series, C. S. Lewis' works have become timeless classics for adults and children around the world. Here in one concise volume is the essence of his thought on subjects ranging from love and faith to ethics and morality and myth and literature that will throw open the windows of the soul and provide readers with bite-sized nuggets of wisdom and inspiration from one of the best-loved writers of the 20th century. This lovely little gift book will provide sustenance, wisdom, and hope for both believers and seekers. And, most importantly, it will provide an entry point for those unfamiliar with Lewis that will make them want to explore his fiction and nonfiction works. Selections from C.S. Lewis' Little Book of Wisdom: "If God had granted all the silly prayers I've made in my life, where should I be now?" "Surely arrested development consists not in refusing to lose old things, but in failing to add new things..." "Do not dare not to dare." "We are mirrors whose brightness is wholly derived from the sun that shines upon us." "I didn't go to religion to make me happy. I always knew a bottle of Port would do that. If you want a religion to make you feel really comfortable, I certainly don't recommend Christianity."

What do we believe? And in God's name why? These are the thorny questions that Lewis Black, the bitingly funny comedian, social critic, and bestselling author, tackles in his new book, Me of Little Faith. And he's come up with some answers. Or at least his answers. In more than two dozen essays that investigate everything from the differences between how Christians and Jews celebrate their holidays, to the politics of faith, to people's individual search for transcendence, Black explores his unique odyssey through religion and belief. Growing up as a nonpracticing Jewish kid near Washington, D.C., during the 1950s, Black survived Hebrew school and a bar mitzvah (barely), went to college in the South during the tumultuous 1960s, and witnessed firsthand the unsettling parallels between religious rapture and drug-induced visions (even if none of his friends did). He explored the self-actualization movements of the 1970s (and the self-indulgence that they produced), and since then has turned an increasingly skeptical eye toward the politicians and televangelists who don the cloak of religious rectitude to mask their own moral hypocrisy. What he learned along the way about the inconsistencies and peculiarities of religion infuriated Black, and in Me of Little Faith he gives full vent to his comedic rage. Black explores how the rules and constraints of religion have affected his life and the lives of us all. Hilarious experiences with rabbis, Mormons, gurus, psychics, and even the joy of a perfect round of golf give Black the chance to expound upon what we believe and why--in the language of a shock jock and with the heart of an iconoclast. "To put it as simply as I can," Black writes, "this is a book about my relationship with religion, where my--dare I say it?--spiritual journey has taken me...what it's meant and not meant to me, and why it makes me laugh." By the end of Me of Little Faith, you'll be a convert.

Written after his wife's tragic death as a way of surviving the "mad midnight moment," A Grief Observed is C.S. Lewis's honest reflection on the fundamental issues of life, death, and faith in the midst of loss. This work contains his concise, genuine reflections on that period: "Nothing will shake a man -- or at any rate a man like me -- out of his merely verbal thinking and his merely notional beliefs. He has to be knocked silly before he comes to his senses. Only torture will bring out the truth. Only under torture does he discover it himself." This is a beautiful and unflinchingly honest record of how even a stalwart believer can lose all sense of meaning in the universe, and how he can gradually regain his bearings.

It's Courtney's wedding day, and her mom, Delia, is making sure that everything is perfect. The groom is perfect, the dress is perfect, and the decorations (assuming they arrive) will be perfect. Then, like in any good farce the doorbell rings. And all hell breaks loose. So much for perfect.

There can be many obstacles to faith, as C. S. Lewis discovered. But he overcame them to become one of Christianity's most ardent warriors of the faith. Art Lindsley provides a readable introduction to C. S. Lewis's reflections on objections to belief in Jesus Christ and the compelling reasons why Lewis came to affirm the truth of Christianity.

"Mere Christianity" is the most popular of C. S. This book brings together Lewis's legendary radio broadcast talks in which he set out simply "to explain and defend the belief that has been common to nearly all Christians at all times". Rejecting the boundaries that divide Christianity's many denominations, "Mere Christianity" is Lewis's term for the essential Christian message--the theological core on which diverse Christian traditions can stand together.

Selected from sermons delivered by C. S. Lewis during World War II, these nine addresses offer guidance and inspiration in a time of great doubt. These are ardent and lucid sermons that provide a compassionate vision of Christianity.
