A New York Times Book Review Editors' Choice "Intelligent, honest, and full of heart," *My Heart* is an intimate work of autobiographical fiction by one of ex-Yugoslavia's greatest writers about his family's experience as refugees from the Bosnian war—a timeless story of love, memory, and the resilience of the human spirit that "has all the qualities one might seek in a friend" (Etgar Keret, author of *The Seven Goods Years*). "Today, it seems, was the day I was meant to die." When a writer suffers a heart attack at the age of fifty, he must confront his mortality in a country that is not his native home. Confined to a hospital bed and overcome by a sense of powerlessness, he reflects on the fragility of life and finds extraordinary meaning in the quotidian. In this affecting autobiographical novel, Semezdin Mehmedinovic explores the love he and his family have for one another, strengthened by trauma; their harrowing experience of the Bosnian war, which led them to flee for the United States as refugees; eerie premonitions of Donald Trump's presidency; the life and work of a writer; and the nature of memory and grief. Poetically explosive and pure to the core, *My Heart* serves as a kind of mirror, reflecting our human strengths and weaknesses along with the most important issues on our minds—love and death, the present and the past, sickness and health, leaving and staying.

written by the author of *The Only Good Indians* Stephen Graham Jones, called “a literary master” by National Book Award winner Tananarive Due and “one of our most talented living writers” by Tommy Orange. Alma Katsu calls *My Heart Is a Chainsaw* “a homage to slasher films that also manages to defy and transcend genre.” On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. *My Heart Is a Chainsaw* is her story, her homage to horror and revenge and triumph.
