New General Knowledge Today is a series of 9 books for classes pre-primary to 8. This revised series has been designed to make classroom learning more interesting and interactive and the child is tuned in to the latest developments around the world.

What is it that we as a nation are missing? Why, given all our skills, resources and talents, do we settle so often for the ordinary instead of striving to be the best? At the heart of Ignited Minds is an irresistible premise: that people do have the power, through hard work, to realize their dream of a truly good life. Kalam's vision document of aspiration and hope motivates us to unleash the dormant energy within India and guide the country to greatness.

GK Joyride series for classes 1 through 8 renews the relevance of General Knowledge in the age of the Internet, social media platforms and information overload. Remaining strongly rooted in the tenets of the National Curriculum Framework, it also acknowledges the changing terrain of knowledge acquisition.
