New Orleans, Mon Amour is a collection of Codrescu's essays on the city from the twenty years up to, and including, Katrina. The essays do get a little repetitive after a while, but they give an interesting perspective from a person who is (at least at first) an outsider, but never a tourist.

A “ lovely collection ” of essays by the NPR commentator about his beloved adopted city, both before and after Hurricane Katrina (Publishers Weekly). NPR commentator Andrei Codrescu has long written about the unique city he calls home. How apt that a refugee born in Transylvania found his place where vampires roam the streets and voodoo queens live around the corner; where cemeteries are the most popular picnic spots; the ghosts of poets, prostitutes, and pirates are palpable; and in the French Quarter, no one ever sleeps. Codrescu ’ s essays have been called “ satirical gems, ” “ subversive, ” “ funny, ” “ gonzo, ” and “ wittily poignant ” —here is a writer who perfectly mirrors the wild, voluptuous character of New Orleans itself. This retrospective follows him from newcomer to near native: first seduced by the lush banana trees in his backyard and the sensual aroma of coffee at the café down the block, Codrescu soon becomes a Window Gang regular at the infamous bar Molly ’ s on Decatur; does a stint as King of Krewe de Vieux Carré at Mardi Gras; befriends artists, musicians, and eccentrics; and exposes the city ’ s underbelly of corruption, warning presciently about the lack of planning for floods in a city high on its own insouciance. Alas, as we all now know, Paradise is lost, but here Codrescu also writes about how the city ’ s heart still beats even after 2005 ’ s devastating hurricane. New Orleans, Mon Amour is a portrait of an incomparable place, from a writer who “ manages to be brilliant and insightful, tough and seductive about American culture ” (The New York Times Book Review). “ Finely honed portraits of a fabled city and its equally fabled inhabitants. The author, who has called the Big Easy home for two decades, shows how, like some gigantic bohemian magnet, New Orleans attracts some of the world ’ s most talented, self-indulgent freaks. Codrescu finds himself quite at home there. He expertly weaves pages of New Orleans history through his stories of personal discovery and debauchery. . . . Readers can ’ t help coming away from reading it without an abiding hope in the ability of ordinary people, under the worst circumstances, rising to whatever challenges they face. ” —Publishers Weekly

This edition marks the first time that The Mysteries of New Orleans has been translated into English and proves that 150 years later, this vast, strange, and important novel remains as compelling as ever.

In Treasure Mountain, Louis L ’ Amour delivers a robust story of two brothers searching to learn the fate of their missing father—and finding themselves in a struggle just to stay alive. Orrin and Tell Sackett had come to exotic New Orleans looking for answers to their father ’ s disappearance twenty years before. To uncover the truth, the brothers enlisted the aid of a trailwise Gypsy and a mysterious voodoo priest as they sought to re-create their father ’ s last trek. But Louisiana is a dangerous land, and with one misstep the brothers could disappear in the bayous before they even set foot on the trail—a trail that led to whatever legacy their father had left behind . . . and a

secret worth killing for.

In twenty-six essays, Codrescu turns his skeptical, amused gaze to such topics as Plato's effect on American sex, the cultural meaning of Ed McMahon, baseball's literary underpinnings, his own conception in a Romanian darkroom, an cuisine under the Ceausescu dictatorship, as well as to larger subjects, including the suicide of communism, American culture and politics, and his adopted city of New Orleans.

An irreverent and deeply funny retelling of the Arabian Nights "I fear each passing night that I will not receive my maintenance dose of suspense, and then I will cease to exist."—Whatever Gets You through the Night Whatever Gets You through the Night is an irreverent and deeply funny retelling of the Arabian Nights and a wildly inspired exploration of the timeless art of storytelling. Award-winning writer Andrei Codrescu reimagines how Sheherezade saved Baghdad's virgins and her own life through a heroic feat of storytelling—one that kept the Persian king Sharyar hanging in agonizing narrative and erotic suspense for 1001 nights. For Sheherezade, the end of either suspense or curiosity means death, but Codrescu keeps both alive in this entertaining tale of how she learned to hold a king in thrall, setting with her endless invention an unsurpassable example for all storytellers across the ages. Liberated and mischievous, Codrescu's Sheherezade is as charming as she is shrewd—and so is the story Codrescu tells.

A radio personality describes his coast-to-coast journey across the United States, discussing beatniks and poets in New York's East Village, a drive-through wedding in Las Vegas, and other oddities

Contributions by Carrie Bernhard, Scott Bernhard, Marilyn R. Brown, Richard Campanella, John P. Clark, Joel Dinerstein, Pableaux Johnson, John P. Klingman, Angel Adams Parham, Bruce Boyd Raeburn, Ruth Salvaggio, Christopher Schaberg, Teresa A. Toulouse, and Beth Willinger Much has been written about New Orleans's distinctive architecture and urban fabric, as well as the city's art, literature, and music. There is, however, little discussion connecting these features. Sweet Spots--a title drawn from jazz musicians' name for the space "in-between" performers and dancers where music best resonates--provides multiple connections between the city's spaces, its complex culture, and its future. Drawing on the late Tulane architect Malcolm Heard's ideas about "interstitial" spaces, this collection examines how a variety of literal and represented "in-between" spaces in New Orleans have addressed race, class, gender, community, and environment. As scholars of architecture, art, African American studies, English, history, jazz, philosophy, and sociology, the authors incorporate materials from architectural history and practice, literary texts, paintings, drawings, music, dance, and even statistical analyses. Interstitial space refers not only to functional elements inside and outside of many New Orleans houses--high ceilings, hidden staircases, galleries, and courtyards--but also to compelling spatial relations between the city's houses, streets, and neighborhoods. Rich with visual materials, Sweet Spots reveals the ways that diverse New Orleans spaces take on meanings and accrete stories that promote certain consequences both for those who live in them and for those who read such stories. The volume evokes, preserves, criticizes, and amends understanding of a powerful and often-missed feature of New Orleans's elusive reality.

This is a guide for instructing posthumans in living a Dada life. It is not advisable, nor was it ever, to lead a Dada life."—The Posthuman

Download Ebook New Orleans Mon Amour Twenty Years Of Writings From The City Andrei Codrescu

Dada Guide The Posthuman Dada Guide is an impractical handbook for practical living in our posthuman world—all by way of examining the imagined 1916 chess game between Tristan Tzara, the daddy of Dada, and V. I. Lenin, the daddy of communism. This epic game at Zurich's Café de la Terrasse—a battle between radical visions of art and ideological revolution—lasted for a century and may still be going on, although communism appears dead and Dada stronger than ever. As the poet faces the future mass murderer over the chessboard, neither realizes that they are playing for the world. Taking the match as metaphor for two poles of twentieth- and twenty-first-century thought, politics, and life, Andrei Codrescu has created his own brilliantly Dadaesque guide to Dada—and to what it can teach us about surviving our ultraconnected present and future. Here dadaists Duchamp, Ball, and von Freytag-Loringhoven and communists Trotsky, Radek, and Zinoviev appear live in company with later incarnations, including William Burroughs, Allen Ginsberg, Gilles Deleuze, and Newt Gingrich. The Posthuman Dada Guide is arranged alphabetically for quick reference and (some) nostalgia for order, with entries such as "eros (women)," "internet(s)," and "war." Throughout, it is written in the belief "that posthumans lining the road to the future (which looks as if it exists, after all, even though Dada is against it) need the solace offered by the primal raw energy of Dada and its inhuman sources.

New Orleans ' s reputation as a decadent city stems in part from its environmental precariousness, its Francophilia, its Afro-Caribbean connections, its Catholicism, and its litany of alleged " vices, " encompassing prostitution, miscegenation, homosexuality, and any number of the seven deadly sins. An evocative work of cultural criticism, Robert Azzarello ' s Three Hundred Years of Decadence argues that decadence can convey a more nuanced meaning than simple decay or decline conceived in physical, social, or moral terms. Instead, within New Orleans literature, decadence possesses a complex, even paradoxical relationship with concepts like beauty and health, progress, and technological advance. Azzarello presents the concept of decadence, along with its perception and the uneasy social relations that result, as a suggestive avenue for decoding the long, shifting story of New Orleans and its position in the transatlantic world. By analyzing literary works that span from the late seventeenth century to contemporary speculations about the city ' s future, Azzarello uncovers how decadence often names a transfiguration of values, in which ideas about supposed good and bad cannot maintain their stability and end up morphing into one another. These evolving representations of a decadent New Orleans, which Azzarello traces with attention to both details of local history and insights from critical theory, reveal the extent to which the city functions as a contact zone for peoples and cultures from Europe, Africa, and the Americas. Drawing on a deep and understudied archive of New Orleans literature, Azzarello considers texts from multiple genres (fiction, poetry, drama, song, and travel writing), including many written in languages other than English. His analysis includes such works of transcription and translation as George Washington Cable ' s " Creole Slave Songs " and Mary Haas ' s Tunica Texts, which he places in dialogue with canonical and recent works about the city, as well as with neglected texts like Ludwig von Reizenstein ' s German-language serial The Mysteries of New Orleans and Charles Chesnut ' s novel Paul Marchand, F.M.C. With its careful analysis and focused scope, Three Hundred Years of Decadence uncovers the immense significance—historically, politically, and aesthetically—that literary imaginings of a decadent New Orleans hold for understanding the city ' s position as a multicultural, transatlantic contact zone.

The definitive guide to all things Mardi Gras . . . past and present! From Twelfth Night to Ash Wednesday, New Orleans is transformed. Queens and fools, demons and dragons reign over the Crescent City. This vividly photographed book is a lively, comprehensive history of
