For me the name Sue Townsend will always be synonymous with the Adrian Mole stories, they are what have most helped make her Britain's favourite comic author today. Queen Camilla is just as funny as its predecessor *The Queen and I*, if you

are looking for a satirical and fun read this certainly is one.

The Queen and I is a 1992 novel and play written by Sue Townsend, a fictional best-selling political satire revolving round the topic of republicanism in the United Kingdom.

The Queen and I (novel) - Wikipedia

By the same token, Queen Camilla also indicates that Sue Townsend's strength lies in social comedy, of which there are plenty of pleasing examples here, rather than scabrous satire.
