A girl grappling with Panic Disorder finds comfort—and love—with a boy who is hiding a terrible secret in this poignant and romantic novel from Printz Honor medal winner and National Book Award finalist Deb Caletti. Jade DeLuna is too young to die. She knows this, and yet she can't quite believe it, especially when the terrifying thoughts, loss of breath, and dizzy feelings come. Since being diagnosed with Panic Disorder, she's trying her best to stay calm, and visiting the elephants at the nearby zoo seems to help. That's why Jade keeps the live zoo webcam on in her room, and that's where she first sees the boy in the red jacket. A boy who stops to watch the elephants. A boy carrying a baby. His name is Sebastian, and he is raising his son alone. Jade is drawn into Sebastian's cozy life with his son and his activist grandmother on their Seattle houseboat, and before she knows it, she's in love. Jade knows the situation is beyond complicated, but she hasn't felt this safe in a long time. And she owes it to Sebastian, her boy with the great heart. Her boy who is hiding a terrible secret. A secret that will force Jade to decide between what is right,

Stitch for a greener future with this stunning collection of environment and nature focused designs from leading cross stitch designer Emma Congdon. Whether it's a plea to save the bees, clean up the oceans, appreciate nature, or unplug from technology, this celebration of the green movement in thread will remind us of the need to come together to build a brighter future, one stitch at a time. Emma's iconic designs are universally loved by her fans who have bought over 40,000 of her patterns on Etsy, and who have set up a dedicated fan group on Facebook, where they share their work in progress and proud finishes. This collection features 20 exclusive designs, each with an easy-to-read full colour and symbol chart. Alongside the designs, Emma shares her thoughts and inspirations for each one, with a detailed materials list and instructions for stitching. Beginners to cross stitch will find a helpful guide to the stitches and techniques used - and the beauty of cross stitch is that if you can sew one cross you can sew all these designs! The designs range in size from mini hoops to larger scale samplers, so there are options to suit everyone - and they all share Emma's skill with colour, typography and design which have made her one of the world's best-loved cross stitch designers. Sentiments include: We don't inherit the Earth from our ancestors,

we borrow it from our children Pardon the weeds, we're feeding the bees Leave nothing but footprints, kill nothing but time Live gently on the Earth Never underestimate the difference you make The Earth has music for those who listen All good things are wild and free Take care of the Earth and she will take care of you Between two pines is a doorway to a new world The world is full of magic Cross Stitch for the Earth is printed on FSC paper, is recyclable, and every purchase includes a donation to Friends of the Earth, an environmental campaigning community dedicated to the wellbeing and protection of the natural world.

Marine Boilers, Third Edition provides practical information about boilers and other relevant equipment used at sea on steam and motor vessels. The coverage of the book includes auxiliary boilers, water tube boilers, and boiler mountings. The text also covers stresses in boiler shells; combustion of fuel in boilers; and boiler operation. The book will be of great use to marine engineers, mechanics, and technicians who primarily deals with marine-related machineries.

mistakes. The Great Investors will have a permanent place on my desk.' Mark Sheridan, Executive Director, Nomura International PLC

Leading investors such as Warren Buffett, Benjamin Graham, Sir John Templeton, George Soros and Anthony Bolton are known throughout the world. How did these people come to be so successful? Which strategies have they used to make their fortunes? And what can you learn from their techniques? In *The Great Investors*, Glen Arnold succinctly and accurately describes the investment philosophies of the world's greatest investors. He explains why they are the best, gives details of their tactics for accumulating wealth, captures the key elements that led to their market-beating successes and teaches you key lessons that you can apply to your own investing strategies. From the foreword: 'There are some very special people who seem to possess an exceptional talent for acquiring wealth. I want to explore not just the past triumphs of these masters, but also the key factors they look for as well as the personality traits that allow them to control emotion and think rationally about where to place funds. How does a master of investment hone skills through bitter experience and triumph to develop their approach to accumulating wealth?' Glen Arnold

*The Great Investors* is the story of a number of remarkable men: John Templeton, George Soros, Warren Buffett, Benjamin Graham, Philip Fisher, Peter Lynch,

Anthony Bolton and John Neff. Whether you're new to investing, have had success in the markets, or you're a professional investor or fund manager, you'll benefit from reading about their proven, and successful, trading philosophies. The Great Investors will show you how to:

- Be a business analyst rather than a security analyst
- Do your homework and develop a broad social, economic and political awareness
- Control emotion so as not to get swept away by the market
- Be consistent in your approach, even when you have bad years
- See the wood for the trees and not over complicate your portfolio
- Learn from your investing
- Be self reliant, stand aside from the crowd and follow your own logic
- Take reasonable risk
