Christopher Buckley: The Problem with Titles

Christopher Buckley - Bodies of Proof Supreme Courtship Christopher Buckley

Washington, D.C. is chockablock with historians, but perhaps none so jaunty as satirist Christopher ... war on Bermuda, and Buckley's most recent, Supreme Courtship, published in 2008.

President of the United States Donald Vanderdamp is having a hell of a time getting his nominees appointed to the Supreme Court. After one nominee is rejected for insufficiently appreciating To Kill A Mockingbird, the president chooses someone so beloved by voters that the Senate won't have the guts to reject her -- Judge Pepper Cartwright, the star of the nation's most popular reality show, Courtroom Six. Will Pepper, a straight-talking Texan, survive a confirmation battle in the Senate? Will becoming one of the most powerful women in the world ruin her love life? And even if she can make it to the Supreme Court, how will she get along with her eight highly skeptical colleagues, including a floundering Chief Justice who, after legalizing gay marriage, learns that his wife has left him for another woman. Soon, Pepper finds herself in the middle of a constitutional crisis, a presidential reelection campaign that the president is determined to lose, and oral arguments of a romantic nature. Supreme Courtship is another classic Christopher Buckley comedy about the Washington institutions most deserving of ridicule.

An irreverent selection of essays by the best-selling author of Wry Martinis traces his literary friendships, family experiences and travels in such entries as "How to Teach Your Four-Year-Old to Ski," "A Short History of the Bug Zapper" and "The Art of Sacking."

A New York Times Notable Book of the Year Elizabeth Tyler MacMann, the ambitious First Lady of the United States (and known in the tabloids as "Lady Bethmac"), is on trial for the death of her philandering husband, and the only man who can save her is the boyfriend she jilted in law school—now the most shameless defense attorney in America. Published to rave reviews, No Way to Treat a First Lady is a hilariously warped love story for our time set in the funniest place in America: Washington, D.C.

With a pajama-clad President Reagan refusing to leave the White House on his successor's Inauguration Day, Buckley has given this farce of Oval Office politics a nearly perfect beginning. Parodying the familiar form of the White House memoir, Buckley recounts the turbulent years of the Democratic Tucker administration, as told by loyalist Herbert Wadlough. Through this former accountant's eyes, we see the infighting that plagues the White House, the President's faltering marriage to a former starlet, and his ongoing crises.

Outraged over the mounting Social Security debt, Cassandra Devine, a charismatic 29-year-old blogger and member of Generation Whatever, incites massive cultural warfare when she politely suggests that Baby Boomers be given government incentives to kill themselves by age 75. Her modest proposal catches fire with millions of citizens, chief among them "an ambitious senator seeking the presidency." With the help of Washington's greatest spin doctor, the blogger and the politician try to ride the issue of euthanasia for Boomers (called "transitioning") all the way to the White House, over the objections of the Religious Right, and of course, the Baby Boomers, who are deeply offended by demonstrations on the golf courses of their retirement resorts.

In an attempt to gain congressional approval for a top-secret weapons system, Washington lobbyist "Bird" McIntyre teams up with sexy, outspoken neocon Angel Templeton to pit the American public against the Chinese. When Bird fails to uncover an authentic reason to slander the nation, he and Angel put the Washington media machine to work, spreading a rumor that the Chinese secret service is working to assassinate the Dalai Lama. Meanwhile in China, mild-mannered President Fa Mengyao and his devoted aide Gang are maneuvering desperately against sinister party hard-liners Minister Lo and General Han. Now Fa and Gang must convince the world that the People's Republic is not out to kill the Dalai Lama, while maintaining Fa's small margin of power in the increasingly militaristic environment of the party. On the home front, Bird must contend with a high-strung wife who entertains Olympic equestrian ambition, and the qualifying competition happens to be taking place in China. As things unravel abroad, Bird and Angel's lie comes dangerously close to reality. And as their relationship rises to a new level, so do mounting tensions between the United States and China.

This is an incredible story. The author, a failed, alcoholic Wall Street trader, had retreated to a monastery. It, too, was failing. Then, one fateful day, Brother Ty decided to let God be his broker--and not only saved the monastery but discovered the 7 1/2 Laws of Spiritual and Financial Growth. Brother Ty's remarkable success has been studied at the nation's leading business schools and scrutinized by Wall Street's greatest minds, but until now the secret to his 7 1/2 Laws of Spiritual and Financial Growth have been available only to a select few: • 87 percent of America's billionaires • 28 recent Academy Award winners • Over half the recipients of the Nobel Peace Prize • No members of the U.S. Congress Now, for the first time, Brother Ty reveals the secrets he has gleaned from the ancient texts of the monks, and tells how you can get God to be your broker. God Is My Broker is the first truly great self-help business novel. Open this book and open your heart. It will change your life.

The latest comic novel from Christopher Buckley, in which a hapless Englishman embarks on a dangerous mission to the New World in pursuit of two judges who helped murder a king. London, 1664. Twenty years after the English revolution, the monarchy has been restored and Charles II sits on the throne. The men who conspired to kill his father are either dead or disappeared. Baltasar "Balty" St. Michel is twenty-four and has no skills and no employment. He gets by on handouts from his brother-in-law Samuel Pepys, an officer in the king's navy. Fed up with his needy relative, Pepys offers Balty a job in the New World. He is to track down two missing judges who were responsible for the execution of the last king, Charles I. When Balty's ship arrives in Boston, he finds a strange country filled with fundamentalist Puritans, saintly Quakers, warring tribes of Indians, and rogues of every stripe. Helped by a man named Huncks, an agent of the Crown with a mysterious past, Balty travels colonial America in search of the missing judges. Meanwhile, on the other side of the Atlantic, Samuel Pepys prepares for a war with the Dutch that fears England has no chance of winning. Christopher Buckley's enchanting new novel spins adventure, comedy, political intrigue, and romance against a historical backdrop with real-life characters like Charles II, John Winthrop, and Peter Stuyvesant. Buckley's wit is as sharp as ever as he takes readers to seventeenth-century London and New England. We visit the bawdy court of Charles II, Boston under the strict Puritan rule, and New Amsterdam back when Manhattan was a half-wild outpost on the edge of an unmapped continent. The Judge Hunter is a smart and swiftly plotted novel that transports readers to a new world.
