SMOK makes A LOT of mods but most of them run exactly the same software, though some mods - the G-Priv 2, for instance - utilize touch rather than button-clicking combos. However, it is the same software with the same functionality, just with slightly different input methods. I do quite like SMOK mods, but they've yet to get a vape mod listed inside our top-ranked vape mods guide, the ...

On the technical sections it isn't quite as direct or sharp as some of the other, more race-inspired gravel bikes I've ridden, and at 10.3kg it isn't the most flickable either to change course around tree roots, potholes or large rocks. ... Refined geometry makes the GX2 fast and fun on any terrain, and the spec list is quality for the money. 8 ...
