Competition for these jobs. Whether you are a food stylist who works alongside photographers or a food photographer yourself, you'll find everything you need to know to give your portfolio that little extra push in this expert guide by three professionals with decades of experience in each field. More Food Styling for Photographers covers topics that Linda, Jean Ann, and Brad's fans have been asking for, such as shooting food on location, working with packaged foods, building the perfect breakfast shot, and more. Clients and foodies eat with their eyes first, so don't be afraid to play with your food - make sure it's YOUR image that whets their appetite!

"You eat with your eyes first, and no one turns a photograph of food into a culinary masterpiece like a food stylist. Food Styling for Photographers is the next best thing to having renowned food stylist Linda Bellingham by your side. Linda has worked with clients Baskin Robbins Ice Cream, McDonald's, Tyson Foods, FritoLay, and many, many more. Professional photographer Jean Ann Bybee has worked with Harry & David, Dominos, Sara Lee, Seven-Up Company, and more. Jean Ann provides a seasoned photographer's point of view with helpful tips throughout. If you are hungry for unique photo assignments and want to expand your portfolio, this guide provides the well-kept secrets of food styling techniques that can make your photos good enough to eat. Each chapter covers step-by-step instructions with mouth-watering photographs illustrating techniques for the creation of hero products that photographers at any level can whip up. Bon Appétit!

Food styling, a glossary of important terms, and a listing of vital styling resources The only book the aspiring or professional food stylist will ever need, this exceptionally thorough resource covers challenges from flawless fried chicken to fluffy, cloudlike cake frostings-and everything in between Whether you're looking to break into the food styling business or just touch up on the latest and most effective techniques, Food Styling is the ultimate guide to creating stunning culinary visuals.

Creating mouth-watering food images requires more than just a love of food and access to a kitchen. With the popularity of food blogs and photography how-tos, it's tempting to think that anyone can photograph food, but it's another thing entirely to shoot for a tight ad layout with the pressure of your client watching over your shoulder. Commercial food photographer Teri Campbell has been called a "lighting master," and in this beautifully illustrated book, he not only shares his detailed lighting set-ups and shooting techniques for a wide range of food and drink shots, but also offers candid advice on how to set up a studio, use the right equipment, market your work, find clients, bid on assignments, hire food and prop stylists, and communicate effectively with everyone on the set. Campbell shares his expertise on dozens of commercial assignments—from shooting beignets on location in New Orleans, to creating perfect ice tea pours, to photographing beans on real flames in his studio. Learn how he creates dynamic compositions, uses studio strobes, and arranges light diffusers, reflectors, fill cards, and mirrors, to create the perfect capture. Campbell also discusses his post-processing techniques in Adobe Camera Raw and Adobe Photoshop to create images that are irresistible. This guide for intermediate and advanced users provides the insider details to help you expand

your photography skills or turn your passion for food and images into a professional career.

Do you need help making your food look as delicious as it tastes? Are you a “foodie” hungry for more tantalizing photos of your culinary creations? Do you have a food blog that you’d like to take to the next level, with better images and a stronger business strategy? Then this book is for you! In *Food Photography: From Snapshots to Great Shots, Second Edition*, photographer Nicole Young returns to dish up the basics on everything you need to know to make great food images, from getting the right camera equipment to mastering the key photographic principles of aperture, ISO, and shutter speed. She offers tips on styling food using props, fabrics, and tabletops; and she explains how to improve your photos through editing after the shoot. This new edition features many brand-new images and examples, accompanied by up-to-date discussions on achieving good lighting and composition. In addition Nicole covers developments in the industry that have emerged since the publication of the first edition, such as the entry of mirrorless cameras on the scene, and more. She also provides a brand new post-processing section focusing on Photoshop Lightroom, showing how to improve your photos through sharpening, color enhancement, and other editing techniques. Beautifully illustrated with large, vibrant photos, this book offers the practical advice and expert shooting tips you need to get the food images you want every time you pick up your camera.
