Emma Thompson has written a screen adaption of Jane Austen's romantic satire of the mores and morals of early 19th-century England. In these diaries, she recounts the daily joys and despairs of working on this film as writer and star, with actors Hugh Grant, Kate Winslet and Alan Rickman.

This work of literary and film criticism examines all eight filmed adaptations of Jane Austen's Emma produced between 1948 and 1996 as vastly different interpretations of the source novel. Instead of condemning the movies and television specials as being «not as good as the book, » Marc DiPaolo considers how each adaptation might be understood as a valid «reading» of Austen's text. For example, he demonstrates how the Gwyneth Paltrow film Emma is both a romance and a female coming-of-age story, the 1972 BBC miniseries dramatizes Emma's world as claustrophobic and Emma herself as suffering from depression, and the modern-day teen comedy Clueless comes closest of all to bringing a feminist reading of the novel to the screen. Each version illuminates a different, legitimate way of reading the novel that is rewarding for Austen fans, scholars, and students alike.

'The more I know of the world, the more am I convinced that I shall never see a man whom I can really love. I require so much!'Marianne Dashwood wears her heart on her sleeve, and when she falls in love with the dashing but unsuitable John Willoughby she ignores her sister Elinor's warning that her impulsive behaviour leaves her open to gossip and innuendo. Meanwhile Elinor, always sensitive to social convention, is struggling to conceal her own romantic disappointment, even from those closest to her. Through their parallel experience of love-and its threatened loss-the sisters learn that sense must mix with sensibility if they are to find personal happiness in a society where status and money govern the rules of love.This Ultimate Book Club edition also includes discussion questions and fun facts for the perfect book club get together. It is beautifully designed to be a decorative masterpiece on your shelf and a great way to get your classic book collection started.

In 1995 and 1996 six film or television adaptations of Jane Austen's novels were produced -- an unprecedented number. More amazing, all were critical and/or box office successes. What accounts for this explosion of interest? Much of the appeal of these films lies in our nostalgic desire at the end of the millennium for an age of greater politeness and sexual reticence. Austen's ridicule of deceit and pretentiousness also appeals to our fin de siècle sensibilities. The novels were changed, however, to enhance their appeal to a wide popular audience, and the revisions reveal much about our own culture and its values. These recent productions espouse explicitly twentieth-century feminist notions and reshape the Austenian hero to make him conform to modern expectations. Linda Troost and Sayre Greenfield present fourteen essays examining the phenomenon of Jane Austen as cultural icon, providing thoughtful and sympathetic insights on the films through a variety of critical approaches. The contributors debate whether these productions enhance or undercut the subtle feminism that Austen promoted in her novels. From Persuasion to Pride and Prejudice, from the three Emmas (including Clueless) to Sense and Sensibility, these films succeed because they flatter our intelligence and education. And they have as much to tell us about ourselves as they do about the world of Jane Austen. This second edition includes a new chapter on the recent film version of Mansfield Park.
