Falsely convicted of a crime, I'm sentenced to life as a mail-order bride to an alien. I'm Starr Elizabeth Conner. Earth's government falsely convicted me of a crime, packed me on a ship with other female felons, and sent us to Dakon, a primitive, frozen wasteland of a planet. But I'm no barbarian's 'mail order bride,' even if he is super tall, muscular, and the chief of his tribe. He doesn't want a BBW blonde, either--it's written all over his chiseled face. He'll be truly angry if he ever learns what my 'crime' was. I am Torg. I have waited 34 rotations for a mate of my own. With this shipment, I was sure to get a fine, sturdy mate who'll bear me many daughters. Instead, I receive a small, curvy, pale-haired female who looks at me with anger and fear. It is only when we 'kiss' that I believe things may work out between us. But I'm hearing rumors that Starr and her shipmates are law-breakers. To survive, Dakonians must obey all laws ... or be exiled into the frozen wasteland. Just when I have found her, will I have to banish my mate?

Desperate to escape her successful sister's shadow, Euphemia seeks independence as a biotech researcher fixated on destroying Nightz, a dangerous narcotic sought across the colonies. When his hunt is interrupted by Euphemia's attackers, he saves her on a whim. Never expecting to see Euphemia again, he's shocked to receive a job protecting the spunky researcher who just might be his lifelong mate. Follow Euphemia and Zelaide as they navigate a colony world brimming with peculiar beasts, powerful narcotics, dangerous criminals, and a budding, interspecies romance!

She had always wanted an adventure in the stars... After years of working for the Alien Immigration Office on Earth, Alyssa has finally been sent on her first assignment in space. But what's supposed to be a nice little peace mission soon turns into a nightmare - one where pirates might abduct her at any moment and she's assigned a lethally scary but oh, so sexy bodyguard! It doesn't help that the body he's supposed to guard always heats up in his presence... He was an abomination... A beast... Tortured and trained to kill since the day he was made... Xarq has had it with bodyguarding jobs. In fact, he wasn't supposed to have them anymore. But one last job gets between him and his future military career, and he gets a tiny Earth female to protect. To top it all off, she is on her first mission in space, and his bodyguarding assignment turns more into a babysitting duty. Just perfect. But somehow, her oddly pleasant scent lures him in and he can't seem to get enough of her... And that's dangerous. He needs to

focus on his job. Because that's exactly when the pirates attack... Mate of the Beast is a standalone sci-fi romance with a HEA and no cliffhangers. Intended for mature audiences only.

New York Times and USA TODAY Bestselling author of Science Fiction, Urban Fantasy, and Paranormal Romance brings another action, adventure, and suspense-filled story to transport readers out of this world. Ella is the last of a dying breed of humans that live hidden deep in the forests of Washington State. All of her life, she has heard horror stories about the Others, the beasts that live beyond the safety of the mountains. In ancient times, humans and the Others lived together in peace, but a great battle divided them and the shape-shifting species won the war. Ty Bearclaw, a grizzly shifter, is the curator at the Washington State Animal Sanctuary, Research, and Observation Center (WSASROC). A call from a rancher about an unusual animal causing havoc along the borders of the National Forest brings him to the Olympic Mountain National Park. Ty is furious when he discovers that the rancher has placed a trap to capture the creature on government-protected property. His shock soon turns to horror and confusion when he locates the wounded 'animal.' Ty finds more than he expects when a human, thought to be extinct, turns up in the trap. What is even more confusing is his bear's reaction to the female. When word escapes about his discovery, Ty must fight to protect the unusual woman who is more than an oddity - she is his mate! Can Ty keep Ella alive and safe from a shifter obsessed with adding her to his private collection? Not only that, can he protect her when his own government threatens to take her away from him? Jillian Landay is no queen of an alien planet like her younger sister, Megan, but she has a successful career as an interior designer. Love and relationships? Totally out of the question. She's not about to get burned again. So how the hell did she end up pregnant for an arrogant alien general? Jonnar Dorayan may be the sexiest alien warrior alive with his intense, blue-violet stare and a scorching touch that sets her body afire, but he's not her type. Yeah, he's the father of her unborn child. And yeah, he saved her life. Twice. But falling for him? Never gonna happen in this galaxy or the next! - There are two things Jonnar enjoys in life: fighting and... well, it involves a willing woman beneath him. Fatherhood was definitely not one of his life's goals. And if he had a choice, he certainly wouldn't have chosen a prickly, stubborn human female as the mother of his child. Jillian is nothing like what he's accustomed to, yet her irresistible curves and astounding strength captivate him. He can't fall in love with her. He's no good for her and she's too good for him. But if he ever gets them out of their dangerous situation, he's not sure he'll want to let her go. The Alien General's Baby is a steamy sci-fi alien romance. It features a handsome, powerful alien general falling in love with and risking his life for his luscious human female and their unborn child. This book features these themes: science fiction alien romance, forbidden love between alien and human, enemies to lovers, pregnancy / baby, steamy love scenes, action and adventure, suspense.

My life sucks. All the other human breeders have males who are head over heels for them, but do I get that? Nope. Not even close. My alien is the future king of the Dravian race and believe me, he acts like a royal jerk. Yeah, sure, he's hot as hell, but that is not the point. Anyway, I'm still trying to figure out how to get him to do what I want when I stumble onto plans for an assassination. I decide to get involved because if anyone is going to kill the sexy prince it's going to be me. Especially if he calls me his "namori" one more time. Whatever that means. So now I'm trying to keep us alive, but he's making everything difficult with his kisses and his... well let's just say I better keep my mind focused and my legs, er... mouth closed. Beni has lived a charmed existence in Dunvar Citadel, but one that is coming quickly to an end. When she loses her position as transcriber in the citadel library to a newcomer, she knows that is only a matter of time before the council will insist that she marry. Although she dreads the idea of being one of many wives to her husband, her more immediate and pressing concern is her replacement—a man who is conspiring

with the chancellor to weed out non-essential fiction that distract the women workers within the citadel. In attempt to save the books, Beni herself ends up requiring saving when she falls into a river. Her savior, however, is far beyond anything she ever could have imagined. The Mintar is far from human in appearance and social niceties, he isn't even particularly friendly, yet he promises to return her safely home. All that is required is a pretense of mating to keep the other males of his clan from courting her. That is certainly no hardship as far as she is concerned, especially not with so much in the village to keep occupied, alien scrolls to explore, and an opportunity to do what she loves. What she doesn't plan on is falling in love with the stoic male who doesn't want a mate. Faltz carries the scars on his body and heart from losing his parents as a calf. Females are frightened by his appearance and he doesn't consider himself worthy of having a mate and family when his parents died saving him. Caring for a lost human is an annoying inconvenience, but he is determined to see it through and get the feisty female home safely...even if that means deceiving his queen and entire clan by pretending a mating with her. When pretense turns into truth, Faltz's honor is tested when he is forced to face one fact...when she leaves, how would he continue without her? Book contains graphic sex and violence
